

# Beef & Veal in the Classroom

## Lesson Tool Kit

September 1, 2016 – June 30, 2017

---

### Classroom Lesson Tool Kit

PA Beef Council is excited to offer an assortment of high quality, easy to use educational materials at no cost to you or your school for your participation in the Beef & Veal in the Classroom Program! As you are planning for the rest of the school year, keep in mind the materials offered to Family and Consumer Science instructors are an excellent resource for teaching nutrition, meat preparation and safe food handling practices, as well as providing recipes to your students. Whether you teach food preparation classes or more general lifestyle classes, you will find materials that fit your curriculum.

#### Farmland

Beginning last year, the beef council provided each school in the program with a copy of the [Farmland Film](#) to be viewed during your beef or veal lesson. Award-Winning Director, James Moll, takes an in-depth look into the lives of young farmers and ranchers, to demonstrate the passion for agriculture that has been. Any new schools in the program will also receive a copy of the DVD. FARMLAND lesson plans, to accompany the film were also created. You can also find them directly at [www.discoveringfarmland.com](http://www.discoveringfarmland.com). The lesson plans were created in conjunction with Discovery Education, the leading provider of digital content and professional development for K-12 classrooms, Discovering FARMLAND offers interactive resources that allow teachers and students to experience the industry through the eyes of six young farmers and ranchers, all while learning about food production's connection to science, economics, technology and sustainability.

#### Basics About Beef

Basics About Beef is partnering with Nasco and have added two beef lessons to their website. Nasco will be sharing the beef lessons and the online Basics About Beef booklet with FCS teachers across the U.S. BeefLessons.com is another website hosted for FCS teachers to find lessons and teaching resources. All lessons can be printed direct from the website or downloaded to be used digitally.
