West Perry FFA Escapes to Raystown Lake

RAYSTOWN LAKE, Pa.— Annually, members of the West Perry FFA embark on a camping trip to Raystown Lake for a week full of fun, food, and of course, water tubing.

This year was no different than years past; however, there were two new faces that joined Mr. and Mrs. Brofee for their last outing at the lake. In the fall, Mr. John Hines and Mr. Mike Woods will be starting the next chapter in West Perry history. The Raystown trip proved to be a valuable ice breaker for FFA members to become acquainted with the new agriculture teachers. It also gave members an insight of what to expect from their two new FFA advisers.

In total, over the four-day excursion 15 FFA members and four adults took part in the mini vacation from June 23-26.

Throughout the week, members and advisers alike enjoyed the rustic atmosphere of camping in tents and cooking fireside. Afternoons were filled with boating and water tubing on the lake, while evenings brought mountain pies and s'mores. Members were responsible for meal preparation, set-up, and clean-up. Nevertheless, a diet consisting of hamburgers, hotdogs, cold cuts, sausage, and eggs became the daily routine at chow time. However, a delicacy savored by all was Mr.

West Perry FFA members enjoy a four-day vacation to Raystown Lake for the chapter's annual camping trip.

Brofee's famous chipotle and lemon seasoned chicken breast fried in well-seasoned cast iron skillets over an open flame.

Aside from "gourmet" camp fire meals, West Perry members took the opportunity to get-away and take a relaxing break from the real world. If

nothing else, at least those coming from farms had the chance to miss unloading a few wagon loads of hay.
