

Purpose

The purpose of this document is twofold:

1. Afford PA SBAE Teachers the opportunity to document their extended contract time to administrators with a document that is consistent with all other PA programs.
2. Serve as a reference guide to the number of extended contract hours available to agriculture teachers c in each component of the three-circle model (FFA, Classroom/Laboratory/SAE) during the year.

What is an Extended Day Hour?

An Extended Day Hour is compensation for one hour of work beyond the regular eight-hour school day during the school year or any hours outside of the calendar school year. You should report all hours worked beyond the school day for all FFA, SAE, and teaching , activities that directly relate to your duties as an agriculture teacher

What constitutes an Extended Year Day?

An Extended Year Day is eight or more hours of work performed on a single day outside of typical classroom instruction.
