 - 100 E. University
Magnolia, Arkansas 71753

Cost

- \$500.00 registration fee
 - Includes workshop materials, curriculum resources, on-campus housing, refreshments, and lunch each day

The Southern Arkansas University (SAU) Department of Agriculture is hosting a **hands-on, project-based workshop** to provide teachers with the knowledge and skills needed to complete trailer fabrication projects. This workshop will include a wide range of topics related to trailer fabrication, such as safety, oxy-acetylene torch use, handheld plasma cutting, MIG welding, and project layout, fabrication, and finishing procedures. Teachers of all experience levels are invited to attend. However, we recommend that participating teachers have at least some prior experience with MIG welding.

The workshop will be facilitated by Dr. Trent Wells, Dr. Steven “Boot” Chumbley, and Dr. Richard Ford. Please contact Dr. Wells at ktwells@saumag.edu, (870) 235-5410, or (205) 471-1303 if you have any questions or need additional details.

The workshop registration fee is **\$500.00**, which covers all workshop materials, curriculum resources, on-campus housing, refreshments, and lunch each day. Please note that you are responsible for bringing your own safety glasses, ear plugs, welding jacket, welding helmet, welding gloves, and other appropriate clothing.

This workshop is limited to accommodating no more than 20 teachers.

Refund policy: Full refunds can be offered if cancellation takes place by Friday, May 6, 2023. Refunds will not be issued after this date. You must contact Dr. Wells directly to cancel your registration and request a refund.

Trailer Fabrication Workshop Registration Form

June 6-8, 2023

**Agricultural Education Facility (AEF) Shop
(located at the back of the Agriculture Building)**

100 E. University, MSC 9418, Magnolia, Arkansas 71753
