

Learning by Doing Grant

What is a Learning by Doing Grant?

A Learning by Doing Grant provides a financial scholarship for FFA Members, FFA Chapters, and Agricultural Educators to enhance premier leadership, personal growth, and career success. Example projects may include any type of planned Supervised Agricultural Experience project, classroom tools, equipment, curriculum, and teacher training. Financial resources provide additional support to create a positive learning environment and a diverse skillset for our next generation of agricultural leaders.

Grants for FFA Members

Learning
by DOING
Grant

The PA FFA Foundation believes agriculture education students should have the maximum opportunity to grow and succeed, leaving high school as prepared as is possible for the world ahead. By completing this grant application, you're asking the Pennsylvania FFA Foundation to make an investment in Agriculture Education. Funds allocated through the Learning by Doing Grants are intended to make a lasting impact on the future of Pennsylvania's agriculture education.
