Professional Integrity

FFA members participating in national FFA programs and events understand and agree that all work must result from their own effort and ability, created, and completed alone (except for partner or chapter applications). When outside sources (direct quotes or phrases, specific dates, figures, or other materials) are used for a project, document, or application, the required reference citation must be completed according to the rules specified by the applicable handbook.

While participating in National FFA programs, FFA members are prohibited from:

- Plagiarizing
- Violating copyright
- Cheating
- Falsifying information
- Using another person's results or thoughts as their own, even with this person's permission. This includes work done by a family member or a mentor.
- Using information or data obtained from the internet without proper citation.

Any attempt to gain an unfair advantage will not be tolerated. Non-compliance represents plagiarism and will automatically disqualify a member.

Use of Artificial Intelligence (AI) for National Programs and Events

Artificial intelligence (AI) refers to computer systems capable of performing complex tasks that historically only a human could do, such as reasoning, making decisions, or solving problems. As AI continues to evolve, it can be a tremendous tool to help companies, organizations and individuals enhance their productivity and work. Therefore, the National FFA Organization allows the use of AI tools. FFA members may use AI tools, such as ChatGPT, Gemini, and CoPilot, to assist them in their learning.

Appropriate uses of AI may include:

- generating ideas for any FFA-related assignments, projects, contests and award applications
- checking facts of a phenomenon
- checking for and correcting grammatical errors in a paper written by a member

For more information, please see the [Standard Operating Procedures on the Use of Artificial Intelligence \(AI\) for National Programs and Events](#) document.

Code of Conduct

FFA members participating in National FFA programs understand and agree to abide by the [National FFA Code of Conduct](#).

Purpose

The FFA Creed outlines the organization's beliefs regarding the industry of agriculture, FFA membership and the value of citizenship and patriotism. The Creed is recited by FFA members as part of the requirements to earn the Greenhand FFA Degree. The purpose of the Creed speaking leadership development event is to develop the public speaking abilities of seventh, eighth and ninth grade FFA members as well as to develop their self-confidence and contribute to their advancement in the FFA degree program.

Event Rules

Review the [Career and Leadership Development Event Policy and Guidelines](#) for information on eligibility, selection, certification, team member changes, disqualification and more. [General Information for National Competition](#) can provide general guidance on preparing for national competition.

The National FFA Creed Speaking Leadership Development Event will be limited to one participant per state. The participant must qualify in grades 7, 8 or 9. The participant must compete at the next national convention following their state qualifying round.

- It is highly recommended that participants wear FFA Official Dress for this event.
- Three to five competent and impartial people will be selected to judge the event. At least one judge should have an agricultural/FFA background. Any advisor who has a student competing in a speaking event may not serve as a judge for that respective speaking event.
- Each state association is to provide a judge for the preliminary and potentially semifinal rounds of the event.
- Any participant in possession of any electronic device is subject to disqualification.

Event Format

The event will include an oral presentation and answering critical thinking questions directly related to the Creed.

Members will present the Creed from the current year's [Official FFA Manual](#).

The event will be a timed activity with four minutes for presentation. After four minutes, the participant will have one point deducted for every second over the set time.

Following their recitation, each participant will be asked three questions per round with a five-minute total time limit. The questions used will change as the participant progresses to the semifinal and final rounds of the event. The questions will be formulated annually by the Creed speaking leadership development superintendent and will avoid two-part questions.

The national event will be conducted in three rounds: preliminary (consisting of five to eight speakers per section), semifinals (two sections of eight speakers each) and finals (four participants). The top two speakers from each preliminary section will advance to the semifinals. The top two speakers from the semifinal sections will advance to the final round. No ranking will be given except for the final four. Feedback for all participants will be distributed at the awards function.

Event officials will randomly determine the speaking order. The room facilitator will introduce each participant by participant number and state association in order of the drawing. No props are to be used. Applause shall be withheld until all participants have spoken.

Each participant must recite the Creed from memory. Each participant shall begin the presentation by stating, "The FFA Creed by E.M. Tiffany." Each CDE participant shall end the presentation with the statement, "... that inspiring task. Thank you." Additional introductory or concluding remarks will result in accuracy deductions as indicated on the scorecard.

Participants will be held in isolation until their presentation. Participants will not be allowed to have contact with any outside persons.

At the time of the event, the judges will be seated in a designated section of the room in which the event is held. They will score each participant on the delivery of the Creed and responses using the rubric provided.

Timekeepers will be designated to record the time used by each participant in delivering his/her speech. Content accuracy judges will record the number of recitation errors during delivery.

When participants have finished the presentation and answering of questions, each judge will total the score of each speaker. The timekeepers' and accuracy judges' records will be used in computing the final score for each participant. The judges' score sheets will then be submitted to event officials to determine final rankings of participants.

Participants will be ranked in numerical order based on the final score to be determined by each judge without consultation. The judges' rankings of each participant will then be added, and the winner will be the participant whose total ranking is the lowest. Other placings will be determined in the same manner (use the low-point score method of selection).

During preliminary and semifinal rounds, recording of presentations is permitted by one person from each participant's association for that participant only.

Tiebreakers

Ties will be broken based on the greatest number of low ranks. Participants' low ranks will be counted, and the participant with the greatest number of low ranks will be declared the winner. If a tie still exists, then the event superintendent will rank the participants' responses to questions. The participant with the greatest number of low ranks from the response to questions will be declared the winner. If a tie still exists, then the participants' raw scores will be totaled. The participant with the greatest total of raw points will be declared the winner.

Awards

Awards will be presented at the awards ceremony to individuals based on their rankings. Advisors of cash award recipients will receive information about claiming their award following the convention. Guidelines for amounts and recipients of cash awards can be found [here](#).

Awards are sponsored by cooperating industry sponsors as a special project and/or by the general fund of the National FFA Foundation.

THE FFA CREED SPEAKER SCRIPT

THE FOLLOWING IS EXACTLY WHAT MUST BE RECITED:

“The FFA Creed by E.M. Tiffany

I believe in the future of agriculture, with a faith born not of words but of deeds – achievements won by the present and past generations of agriculturists; in the promise of better days through better ways, even as the better things we now enjoy have come to us from the struggles of former years.

I believe that to live and work on a good farm, or to be engaged in other agricultural pursuits, is pleasant as well as challenging; for I know the joys and discomforts of agricultural life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of progressive agriculturists to serve our own and the public interest in producing and marketing the product of our toil.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so – for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that American agriculture can and will hold true to the best traditions of our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.

Thank you”
